A Note from the President

Whether you have been journeying or whether you stayed in this beautiful part of the world for the summer break, a warm welcome to you all.

I hope that you are rested, relaxed and ready to enjoy what our organization has to offer throughout the year, and eager to contribute new ideas to broaden its spectrum .

Mankind joins hands for many reasons and in many ways, in every country, culture and religion.

The members of OCEANIDS not only join hands with each other, we also join hands with many non-members in our capacity as a support group of UCSD – we participate in a variety of activities, we provide scholarships and special awards, we serve where service is needed.

So, here I am , with an exceptionally talented and experienced Board that you have elected, joining hands with each other and in partnership with you in order to foster friendship, and make a difference in the UCSD community.

Let's make the coming 2009-2010 year a memorable one for OCEANIDS.

Irene K. Larrimore

Oceanids has an e-mail mailing list!

The purpose of the listserv or e-mail distribution list is to allow our President, Board members, Interest Group chairs or anyone else with an important announcement to contact our membership.

Also, the Oceanids news will be sent electronically as a PDF-file which you can read online or print out.

If you have questions, have an announcement for Oceanids, or are a new subscriber, please e-mail the listserv administrator, Judy Vacquier, at jvacq@sbc-global.net

Also, anyone who would like to make corrections to the directory and/or to our database (from which we obtain the addresses for 'Oceanids news' mailings,) please e-mail Judy.

LA JOLLA MONEYBOOKS - \$25

For each La Jolla Moneybook sold OCEANIDS will receive \$12.50 this year. In addition to adding to our service awards fund the value of each coupon in the Moneybook has increased this year.

Our favorite 2 for 1 coupons on meals are included from such places as:

The Cottage (D)
Jeff's Burgers (D)
Roppongi (L)
China Chef (L)
Café Lavande (D or L)
Bistro Pazzo
Thai Pan Cuisine (D or L)
28 restaurants in all

There are 10 coffee, yogurt or ice cream shop coupons. Also 7 of the coupons are from the Bird Rock area this year.

Included are Service and Merchandise offers from Above & Beyond Carpet Care, Adelaides, Burns Drugs, Meanly & Son Hardware, Nelson Photo, Warwicks, Geppetos and Toys R US. Remember the La Jolla Merchant Holiday Promotions in December.

OCEANIDS Board hopes that those of you that support our Moneybook sales each year will continue to do so again. Half of the Moneybook cost will go to support our various projected service awards and other budgetary needs.

Moneybooks are on sale at our Board meetings, Sounding Board, Fall Brunch, through our Interest Group leaders, at our Holiday Party and other events. Call Maxine Bloor, 858-459-7665 or e-mail cbloor@san.rr.com for more information.

The Moneybook is an excellent gift. Coupons are valid through May 31, 2010. As their cost has gone up for the first time in 7 years, the value of the merchants' contributions of a free meal has also been rising during this time. It still holds that by using 2 or 3 coupons, the cost of the entire Moneybook is recovered. By using more coupons more value is received.

Most members of Oceanids will have heard by now that my husband, George G. Shor, Jr., died on 3 July 2009. So I'll tell a bit of history here.

George and I came to Scripps Institution of Oceanography in 1953, when he was hired as an assistant research geophysicist at the Marine Physical Laboratory of S.I.O. There was no UC San Diego at that time. Roger Revelle was the director of SIO, and research expeditions were starting to explore the Pacific Ocean.

It was a lonely time for wives, left with small children while the husband sailed the ocean blue. That was why Oceanids began. Sally Bradshaw, wife of graduate student Jack Bradshaw, called the first meeting in the fall of 1952.

When George started work alongside Russell Raitt, Helen Raitt urged me to join Oceanids. I had no idea that the group was only a year old! Helen drew in everyone who was newly arrived on campus.

It was a wonderful organization for a newcomer. Through Oceanids I met everyone who was anyone at Scripps. We all went to the same events - and we competed for the same babysitters. Most of the activities were in the library on the campus (a building now gone), but some were in downtown La Jolla (at the high school, usually) - or even all the way into San Diego, for the theater events. My, we worked hard to sell theater tickets as fund-raisers.

When the idea of a new campus began, George was among those who gave talks about Scripps research to the general public, to drum up interest for placing the campus nearby (one University Regent wanted it in Balboa Park or downtown San Diego).

Another of Helen Raitt's urgings to us was to acquire a lot in Scripps Estates Associates ("SEA"), on the hill above the SIO campus. That is where we built in 1954. It was out in the sticks at that time. The remains of wartime Camp Callan were concrete foundations where buildings had been, and a freeze-locker plant at the south end of the campus, near the public housing that had been built for wartime use (Torrey Pines housing, which some called "teepee housing"). William Black owned what is now La Jolla Farms, and he ran Hereford steers on that property, which occasionally knocked over the fence between his land and SEA.

So I have watched UC San Diego begin and grow. George advanced through the ranks and stepped across into the professor status. He advised some

graduate students, but mostly he devoted his time to SIO, as a division chairman and as an associate director to schedule and oversee the Scripps fleet of ships, until his retirement in 1991. He was devoted to and proud of the institution. And so am I.

Ilse Warschawski left more than \$1 million to support the Moores UCSD Cancer Center and the department of mathematics. She was 98 at the time of her death. Ilse Warschawski has left more than \$1 million in her trust to the University of California, San Diego, in honor of her late husband and founder of the university's department of mathematics, Stefan (Steve) Warschawski. According to Ilse's wishes, the gift is split between the department of mathematics and the Moores UCSD Cancer Center. Ilse remained active in Oceanids, a campus organization which welcomes new faculty, staff, spouses and visitors to UC San Diego, and funds fellowships and undergraduate awards recognizing scholarship and service. Ilse was honored as the "Oceanid of the Year" in 1984. She also established a fund in honor of her husband to give stipends to graduate students, which help attract outstanding candidates. IMPORTANT TO ALL COMPUTER USERS

After reading the article "How To Protect Your Address Book" in the Summer Oceanids News issue, **Joanne Meredith** did some research and found out that this simply does not always work. Viruses don't necessarily traverse address books **from top to bottom** and attempt to mail themselves to every entry in an infected system's address book, all in one message: rather, they may start at the bottom of an address book, or they may randomly select entries from an address book, or they may harvest addresses from all sorts of other files resident on the infected computer.

The best advice for countering viruses has always amounted to investing in good anti-virus software and using the product regularly to scan for infected files. Second best is a caution against running executable files sent in e-mail.

Thank you, Joanne

IN MEMORIAM

With great sadness, I would like to let you know that **Sally Kroll** passed away on Tuesday, May 19, after a brief stay in the hospital. I did visit her on Friday, May 8, to talk about the university's chamber series which she and her late husband Norman supported since its beginning many many years ago.

Kim Signoret-Paar Sally had been Oceanids president 1979-1980 and was involved in several interest groups.

She will be missed.

Goldie Baron Rothenberg, a member of Oceanids for many years, passed away recently at age 87. She was a Spanish tutor to many Oceanids and will be remembered for her warmth, friendliness and love of life. She had studied romance languages and taught Spanish and French in primary school. Goldie was the bilingual coordinator for New York City schools. She married Arnold who literally was the boy next door and had a warm and loving marriage until Arnold died about 10 years ago. She had a busy day teaching private lessons in Spanish the day before she died.

Oceanids are mourning the death of **Ady Rosenblatt** on June 4, 2009. Ady died peacefully at the In-Patient Unit of San Diego Hospice.

Ady arrived at UC San Diego in 1964 together with her husband Murray who is Professor Emeritus of Mathematics. Ady was a committed social worker. She was Co-President of the Oceanids in 2004-05, and a recipient of the Maxine E. White Outstanding Service Award. She was also an active member of the Oceanids Board and just a wonderful warm and loving peerson.

Long-time Oceanids member and honorary chairperson in 1961-1964 Sybil York lost her husband Herb on May 19. He was 87.

Herbert York served as the first Chancellor of the University of California in San Diego from 1961-1964, and also stepped in as Acting Chancellor from 1970-1972.

Herb York was not only a leader of UC San Diego, he also was a world leader and had a global impact. He was a teacher and a diplomat, serving as a mentor to students and an advisor to presidents. During a career that spanned more than 60 years, Herb was a world-renowned nuclear physicist who helped develop the atomic bomb as a young researcher. However, he later became a champion of arms control and social responsibility, and an ambassador for peace. We will forever be grateful for his leadership and vision.

All members of the UCSD community who knew him, are sad about the loss of **Sam Hinton**, who died on September 10 at an assisted-living facility in Northern California. He was 92.

Pioneer folk singer Sam Hinton loved to do many things, and he did them all in spite of the fact that few people had ever heard of a folk-singing zoologist/illustrator/writer/lecturer.

Whether it was performing at school assemblies and concerts, recording music, illustrating marine life or serving as director of the Scripps Aquarium and UCSD's director of outreach to local schools, Mr. Hinton shared his love of folklore and science. He was truly a San Diego "Civic Treasure".

Long-time Oceanid Betty Shor lost her husband **George G. Shor, Jr.**, professor emeritus of geophysics at Scripps Institution of Oceanography at UC San Diego, on July 3. He died at his home in La Jolla, from complications following several strokes. He was 86 years old. Shor's career included helping develop the nation's consortium of research ships operated by oceanographic institutions and participating in the creation of the California Sea Grant program. See also Betty's article on page 4.

POET'S CORNER

In darkness I hear no more cooing doves
I should go to watch seagulls.

"I used to have a penny walk."
I lifted my head and focused eyes on the horizon softly.
A wide new world not noticed before sprang up around me.
Go ahead, old kid, I said. With your speed, gently.
One firm step forward, at a time. With raised toes,
Not to stumble. There's not more petty thought,
Whether to pick up, or not to pick up a penny on the road.

OCEANIDS' INTEREST GROUPS

Interest Groups are the backbone of our Oceanids organization. They are meeting the many varied needs of UCSD families, also those new to the UCSD campus and the community.
