President’s Message

Dear Oceanids,

Spring is here and after the recent rains gardens are blooming, and hope is in the air as we are able to attend more events, and I look forward to seeing many of you at our Spring Luncheon in May. For those of you who are visiting campus regulations are changing and masking is now optional except in classes, clinical settings and on university transportation. Please check on the website Return to Learn for updates before going to campus as circumstances may change: [https://returntolearn.ucsd.edu/](https://returntolearn.ucsd.edu/).

Do take advantage of our wonderful interest groups that are detailed in this newsletter. Even if you are an active member of one or more groups it is a good time to think of joining another as well! Although Oceanids is a support organization for UCSD - providing important awards and scholarships for students plus giving a helpful welcome to visiting scholars—we are also a community that comes together through our interest groups and our events. Sounding Board will be virtual until the Summer and then, hopefully, in person again in the Fall.

Take care, be well, and have a wonderful Spring.

Nigella

At the Spring Luncheon we will once again feature the famous Grab N Go table during the social hour and at the end. Bring your collectibles, new or gently used jewelry, scarves, curios from your travels, etc that you no longer want but are too nice for the second hand shops. We will sell them at the G n G table to our fellow Oceanids for bargain prices. All proceeds go to the Oceanids General Fund. Bring cash or your checkbook and find gifts for yourself or family and friends. Items are usually $1, $5, $10. You can bring items to the luncheon or deliver to Judy Vacquier the week before. This is always a popular part of the luncheon!

LOVELY BALI HAI

So jump at thchance !!
I recently came back from a trip to the Antarctic Peninsula. It is a place of startling natural beauty surprisingly full of color and sound. It was my fourth visit to this magical continent, and it was as wonderful as ever! I was invited to lecture on a ship, the SH Minerva. It is a brand-new ship made in Finland, full of Scandinavian comfort, and built for polar exploration! Getting to the ship was the hardest part in this time of covid. I flew from Miami to Buenos Aires and from there to Ushuaia in Tierra del Fuego at the bottom of Argentina. During the two weeks I was tested for the virus 6 times and we wore masks everywhere, including on the ship, but I was well the whole time and It was wonderful to be travelling again!

As some of you may know, I love penguins and used to study them, so it is always such a treat to see them in the wild as well as all the other wildlife in the land of snow and ice.

There was a serious side to this trip as well. Climate change is already impacting Antarctica. This vast continent is warming as the ocean and air around it heats up, and the huge buttresses of ice attached to the land and still floating on the sea are melting and breaking away. The thick layers of thousands of years old ice are making their way to the sea faster as a result, and sea level is rising as this ancient water trapped on land goes into the ocean.

OCEANIDS INTEREST GROUPS

Interest Groups are the backbone of our Oceanids organization. They are here to meet the many varied needs of the UCSD community. If you don’t find an activity you would like to participate in, please contact Interest Group Coordinator Judy Vacquier (858) 361-0418 or jvacq@sbcglobal.net. If five or more Oceanids wish to start a new group, please let her know so we can inform other members. All we ask is that your members be Oceanids. If you are not yet a member of Oceanids, please consider joining us by contacting Mary Cutchin, 858-459-8074, marycutchin@yahoo.com or by submitting the application form in this issue.

Since the newsletter is posted on the Oceanids website we will, for security reasons, not publish addresses (with occasional exceptions). Please call the contact for the necessary information.

VERY IMPORTANT FOR ALL INTEREST GROUP Chairs: Register your event at least 7 days in advance:

Send a copy of the registration form to Beate L. Menzel: jrblmenzel@cox.net

AVISET BIRDERS
Contacts: Liz Winant (858) 481-7447, lizwininant@gmail.com

Our birding group meets promptly at 8am the second Monday of each month during the academic year. The La Jolla group will meet at the corner of Dunaway Dr. and Glenwick Pl. in La Jolla. The North County birders will meet at a TBD location. We will carpool from these locations to sites around the county. Members will be called or e-mailed.

Next outings: April 11 and May 9.
Aviset, Oceanids birding group, has tried several ideas, all enthusiastically supported by our Aviset members. The group meets on the second Monday at 10am.

MOVEABLE FEAST II
Contact: Mary Cutchin (858) 459-8074 or marycutchin@yahoo.com
This group meets every other month for drinks at a member’s house. From there we carpool to the restaurant. Contact Mary Cutchin for information and reservations.
Next meeting: Call Mary.

PIANO AND CHAMBER SOIRÉE
Contact: Judy Vacquier (858) 361-0418 or jvacq@sbcglobal.net
This group is for amateurs who need a motivation to practice and want to perform in a relaxed, fun setting among friends. We welcome piano, chamber instruments and voice, classical, jazz and popular music, solos and ensembles.
The Piano and Chamber Music Soiree has been meeting monthly by zoom. Attendance has been maximum, and we’ve been meeting for three hours each time. Members record their piece using Voice Memos, or the video camera on their cell phone, and send it to Michael, who acts as our emcee. We may now try meeting in small groups to zoom, so at least we get to hear some of the music live.
Next meetings: April 24 and May 29.

SOUNDING BOARD
Contact: Nellie High-Iredale: 858-886 9223; nellie@looklajollahomes.com
Sounding Boards are always on the first Thursday of the month at noon on zoom for now. See page 9 for details.

TAPAS ON THURSDAY
Contact: Barbara Bank <bbank@ucsd.edu>
This is a new interest group. We meet at noon on the third Thursday of the month to enjoy tapas and conversation. Depending on the number of members at the monthly gathering either half or all the attendees bring tapas to share.

Oceanids Gallery of Arts and Crafts

By Jan Ouren

Last year, Oceanids News opened the Oceanids Gallery of Arts and Crafts, a virtual exhibition space. This issue features Judy Vacquier, Ph.D., an Oceanid and watercolorist.

Trained in microbiology and working in biotech as a virologist for many years, after retirement Judy started drawing, then painting. She is known to many of us through Oceanids. She joined Oceanids in 2000 and was President for three years. She has been involved recently on the Nominating Committee and as the Interest Groups Coordinator.

Influenced by her ceramicist father and his well-known friend, the artist Rex Brandt, Judy chose to work in watercolors because of their unique qualities: the way they flow and grab the paper, as well their transparency. She works both plein air and from photographs she takes. She has had two exhibitions at the Retirement Association and sells her work through Facebook.

Below, Judy shows us four of her watercolors, titled as follows (clockwise):

- The Radish Vendors (10.5x14 in), from a photograph in a Mexican market
- Green and Red Orchid (7x9 in), from one of her own orchids
- Rocks at Bodega Head (10 x 13 in)
- Morning at Ocean Beach (10 x 13 in)

To contact Judy about her work, please contact her at jvacq@sbcglobal.net. The above paintings are for sale.

We encourage members to submit one of your art or craft works, to be published in our newsletter--available online to members and the public. To exhibit your work, please send a .jpg of your work and a short artist’s statement, to jouren5353@gmail.com.
New Oceanids Interest Group: Boogie Boarding Buddies!

Since September a small group of us have been boogie boarding together at La Jolla Shores (see photo). If you love boogie boarding and are interested in joining us, we are going to gather on certain sunny Saturday mornings and/or Sunday mornings at 11 am at 8310 El Paseo Grande in La Jolla Shores. The choice of day depends upon many things like the air and water temperature, when the last rains happened, rip currents, size of surf. Let me know if you are interested and I will do my best to give you accurate information about the dates (Saturday or Sunday) by Thursday night (2 or 3 days before). I will need your email address and your telephone number for last minute changes.

Please wear an appropriate wetsuit (heavy for winter, light or lycra skin for summer), booties (for some protection against stingrays) and bring your boogie board. You can leave your fob and driver’s license (no purses) with my husband Chris who will be working at home. We walk two blocks to the beach and boogie board south of the main lifeguard station. In the summer, we boogie board in front of the lifeguard station at SIO when the lifeguards are there and where the waves are better. Although we try to boogie board year-round, most of us are wimps and do not go if the temp goes below 57 degrees Fahrenheit. Boogie boarding is like walking on the beach: it is never boring! In January I was close enough to see without my glasses a California grey whale spouting! Barbara’s eyesight is much better and she has watched three dolphins frolicking nearby. We often see seals swimming along, watching us intently and looking like they want to play!

Approximately once a month, we will go to our own homes to shower and then meet at a designated restaurant that has outdoor seating for a late lunch. Giovanni is particularly keen on helping an Italian restaurant in Barrio Logan stay in business, so we have gone to this Michelin rated restaurant several times. We have also gone to less expensive places (two different Japanese restaurants in Del Mar and Kearny Mesa, another Italian restaurant in South Park and a Mexican restaurant in Del Mar). Lunch is totally optional and partners are welcome to join us if the numbers are not too great. If interested, please email and let me know if you plan to join us or if you have questions: lizfong2@gmail.com. We realize that parking may be a challenge and ask you to meet us at the beach if you are late. e.

Eugene Iredale, Attorney
“We need a new Sheriff in town”

Last year eighteen people died while in custody in San Diego County jail. On February 3, 2022, the state auditor released a study that faulted the Sheriff’s department for significant failures to provide security and medical care. In a recent wrongful death case, a San Diego jury returned a large verdict after finding the sheriffs liable for excessive force. Eugene Iredale will discuss the federal civil rights statutes and the need for police reform in our county.

Gene Iredale is an honors graduate of Columbia College and Harvard Law School and has been in private practice for over twenty-five years. Gene has lectured all over the United States on trial practice, having taught at the National Criminal Defense College, and lectured to The National Association of Criminal Defense Lawyers, California Attorneys for Criminal Justice, and California Public Defenders Association, among others. Gene has been listed for over twenty years in Best Lawyers in America (white-collar criminal defense and non-white collar criminal defense).

Michael Ziegler, MD, Professor Emeritus UCSD
“Gravity: from Aristotle to astronauts”

Aristotle’s opinion about what causes gravity lasted for 2000 years until Galileo. Newton and Einstein changed how we think about a universe held together by gravity. It has taken space flight to show us how important gravity is to our health.

Michael Ziegler’s blood pressure clinic treats patients with postural hypotension—people who have lost the ability to maintain their blood pressure while standing. He has carried out research with NASA for many years on helping astronauts cope with the change from gravity to weightlessness and back.
MOVIES ANYONE?
About twelve years ago at a Moveable Feast dinner, Rosie Enright buttonholed me and wondered why Bill and I weren’t attending the Movie Group. “Um…Err…Ah…I guess we’ve never thought of it”. So we joined and continued until his death; I’m still participating.

The Cinema Soiree, its official name, was formed in the late ’90’s by Laurette Verbinski, Zella Brown, Suzanne Angelucci and others. It works like a book club; we all see the current film choice at our leisure and get together on the second Sunday evening of the month to discuss the movie, the actors, the sound track, the direction - all aspects we can think of. Covid changed this, of course. Now we watch films available on Netflix (for the most part) and Zoom our meetings.

There are about 25 names on the email list. 10 - 15 usually show up although the numbers are down a bit because of the plague. Many of the films are foreign and use subtitles. Sometimes we delve into the Netflix archive for a little known goody. I’m thinking of “My Happy Family”, a Georgian film (Back in the USSR Georgia, not the Peach state). Others are current at the time such as “Power of the Dog” and “Tick, Tick, Boom” which is April’s selection. We are a friendly, varied bunch…Europeans, US Americans, Latin Americans…mostly oldish, more women than men. We bring our lives and our movie-going experiences to our talks. There are varied opinions on family life, civic and political activities, historical events, religious and cultural views. We try not to interrupt each other but aren’t always successful. Go watch “Tick, Tick, Boom” and join us on April 10th.

Janet Goff

More from Avi Set
Our birding group explores various locations around San Diego county, all of them beautiful and different. At the last meeting at Kit Carson Park we saw 30 species of bird, and you do not have to be an experienced birder to enjoy being out in nature.

Among the birds we saw were:
